You can do some more

Music and Lyrics: Seppo Mäkinen

You can do some more
To get up from the floor
To be able to score
To reach the goal before

There's a lot of things
to do before we can rest
To proudly tell
Yes I Did my best

Sustainable future we're doing
together

You can do some more
To get up from the floor
To be able to score
To reach the goal before

I hope we understand
To put a hand in a hand
Doing things together
Like rock'n roll band

Sustainable future we're doing together jee jee
